

Faculty Positions in Physics/Materials Science at Fayetteville State University

1. Assistant/Associate Professor of Physics (<https://jobs.uncfsu.edu/postings/14519>)

Position Title: Assistant/Associate Professor of Physics

Position Number: 000212

Number:

Full-time or Part-time: Full Time

Part-time:

Department: Department of Chemistry and Physics

Posting Number: 0401118

Number:

Qualifications: Ph.D. degree in Physics or Materials Science who has taken at least 18 credits physics courses at graduate level;

The candidates are expected to develop new research with current faculty members in one or more of the following areas, but not restricted to: advanced materials for energy, environmental, engineering, biological or medical applications, characterization of materials – especially by electron microscopy and microanalysis, computational physics or materials science, nanoscience and nanotechnology, and physical science education.

2. Assistant/Associate Professor of Physical Science (<https://jobs.uncfsu.edu/postings/14513>)

Position Title: Assistant/Associate Professor of Physical Science

Position Number: 000350

Number:

Full-time or Part-time: Full Time

Part-time:

Department: Department of Chemistry and Physics

Posting Number: 0401119

Number:

Qualifications: Ph.D. degree in Physical Science, Condensed Matter Physics or related fields with at least 18 credits of graduate physics and chemistry courses at graduate level;

The candidates are expected to develop new research with current faculty members in one or more of the following areas, but not restricted to: materials science, nanoscience, astronomy and space science, environment, energy and sustainability, nuclear science, physical properties and modifications, physics education and research.
