

THE OHIO STATE UNIVERSITY

**Faculty Position
Photovoltaics
Department of Materials Science and Engineering
The Ohio State University**

Description: The Department of Materials Science and Engineering at The Ohio State University invites applications for a tenure-track faculty position in the area of photovoltaic materials, devices, and/or systems. Appointment at all ranks (assistant, associate, and full professor) will be considered, depending upon the qualifications and experience of the selected candidate. While candidates with a focus on thin-film photovoltaics are preferred, those with experience in the broader realm of photovoltaic materials synthesis, device fabrication, and characterization are also encouraged to apply. Interest and/or experience in photovoltaics manufacturing is desirable. Additional interdisciplinary interests both within and beyond photovoltaics are welcome. The position is partially funded by the Ohio State Discovery Themes, a significant faculty hiring investment in key thematic areas in which the university can build on its culture of academic collaboration to make a global impact.

Qualifications: We seek individuals who are ardent discoverers and passionate teachers and mentors, with demonstrated records of leadership and collaboration in an academic and/or R&D environment. Candidates must possess a doctoral degree in materials science and engineering, electrical engineering, or a related field, and have an established record of accomplishment within the photovoltaics field, commensurate with the faculty rank sought. The successful candidate will be expected to develop and sustain active sponsored research programs, teach core undergraduate and/or graduate courses, and develop new courses related to their research expertise. Candidates should have experience or interest in working within interdisciplinary research teams and be committed to supporting the departmental mission of diversity and inclusion. The anticipated start date is August 2017. Screening of applicants will begin immediately and will continue until the position is filled.

About Ohio State: The Ohio State University is committed to building and maintaining a diverse community to reflect human diversity and improve opportunities for all. The university is committed to equal opportunity and eliminating discrimination. This commitment is both a moral imperative consistent with an intellectual community that celebrates individual differences and diversity, as well as a matter of law. Ohio State does not discriminate on the basis of age, ancestry, color, disability, gender identity or expression, genetic information, HIV/AIDS status, military status, national origin, race, religion, sex, sexual orientation, or veteran status in its programs, activities, employment, and admission. We are responsive to dual-career families and strongly promote work-life balance to support our community members through a suite of institutionalized policies. We are a NSF Advance Institution and a member of the Ohio/Western Pennsylvania/West Virginia Higher Education Recruitment Consortium.

THE OHIO STATE UNIVERSITY

About Columbus: The Ohio State University campus is located in Columbus, the capital city of Ohio. Columbus is the center of a rapidly growing and diverse metropolitan area with a population of over 1.5 million. Home to Limited Brands, Inc., Nationwide Insurance and other well-known companies, our economy is balanced by a combination of education, technology, government, research, insurance and health care as major employers in the region. Columbus has consistently been rated as one of the Top U.S. cities for quality of life and was selected as one of the Top 10 cities for African Americans to live, work, and play by Black Enterprise magazine and one of America's best places to raise kids by Business Week. Additional information on the Columbus area is available at <http://www.columbus.org>.

How to Apply: Interested candidates should submit a cover letter, complete curriculum vitae, separate 2-3 page statements of research and teaching goals, and the names, postal addresses, and e-mail addresses of four references. Applications should be submitted online at: <https://academicjobsonline.org/ajo/jobs/XXXX> Inquiries may be directed to eng-mse-facultysearch1@osu.edu, subject = Photovoltaics.
