

## **TENURE-TRACK/TENURED FACULTY POSITION**

### **ASSISTANT OR ASSOCIATE PROFESSOR LEVEL**

**College of Engineering, Computing, and Applied Science  
Department of Materials Science and Engineering  
Department of Chemical and Biomolecular Engineering  
Clemson University, Clemson, SC 29634**

The Department of Materials Science and Engineering at Clemson University (<http://www.clemson.edu/mse/>) invites applications for a tenure/tenure-track Assistant or Associate Professor position with a starting date of August 15, 2022. Candidates should have a Ph.D. and/or postdoctoral experience in materials science and engineering, chemical engineering, mechanical engineering, chemistry and/or physics, or related disciplines. The Department has vigorous research and comprehensive infrastructure in all areas of materials science. The successful candidate is expected to develop nationally and internationally recognized externally funded research program. Exceptional candidates in all areas of materials science and engineering will be considered. Priority consideration will be given to candidates with expertise in computational and/or experimental inorganic materials. Candidates are also expected to strive for excellence in teaching of undergraduate and graduate courses in their area of expertise.

Application materials including curriculum vitae, a description of proposed research plan(s) and teaching interests (up to five pages), a statement of contribution to diversity, equity and inclusion, and three letters of reference (pdf preferred) should be uploaded to Interfolio: <https://apply.interfolio.com/101096> . Full consideration will be given to applications received by March 1, 2022; However, applications will be accepted until a suitable candidate is selected.
