

Chemical Engineering & Materials Science

UNIVERSITY OF MINNESOTA

**Assistant Professor or Associate Professor – Chemical Engineering and Materials Science:
Structural Materials, Mechanics, Electrochemical/Energy Storage Materials and Devices**

The Department of Chemical Engineering and Materials Science at the University of Minnesota (www.cems.umn.edu) seeks to fill a full-time faculty position at the Assistant Professor (tenure-track) or Associate Professor (tenured) level, commensurate with experience. Areas of particular interest include structural materials, mechanics, and electrochemical/energy storage materials and devices. Outstanding candidates with a Ph.D. in any area related to materials science and engineering will be considered. Candidates should have a distinguished academic and research record and a commitment to teaching in a highly interdisciplinary department.

Successful candidates will be expected to carry out vigorous programs of original research at a world-class level, advise graduate students, teach a broad range of undergraduate and graduate courses in the Department of Chemical Engineering and Materials Science, and participate in Departmental and University governance.

Applications must be submitted online. Please click on the link below for more information and to apply online. Review of applications will begin immediately and continue until the position is filled. Applications will be reviewed in the order in which they are received. Successful candidates will be appointed as early as fall semester 2017 (8/28/17).
