

TENURE/ TENURE-TRACK: ASSISTANT, ASSOCIATE OR FULL PROFESSOR

Department of Materials Science and Engineering-Full-time position

Department Overview:

The Department of Materials Science and Engineering is a new graduate department housing the university's existing Materials Science and Engineering Graduate Program. The academic administration of the department is under the joint supervision of the deans of engineering and science. The department has about 130 graduate students enrolled, most of whom are pursuing Ph.D.s. There are currently 16 full-time faculty in the department, and 49 more faculty members jointly appointed. The target for the department is to establish an undergraduate program next year; and increase to 30 faculty, with 750 undergraduate and graduate students by 2025.

Position Summary:

The Department of Materials Science & Engineering at Texas A&M University invites applications for a tenured or tenure-track faculty position at the assistant, associate, or full professor level with expertise in **electron microscopy and microanalysis of materials (metals, ceramics and polymers) with the emphasis on in-situ characterization and/or high resolution microscopy**. Although we primarily seek candidates at the associate- and full-professor levels, exceptional candidates at the assistant-professor level will be also considered. The successful applicants will be required to teach; advise and mentor graduate students; develop an independent, externally funded research program; participate in all aspects of the department's activities; and serve the profession. Strong written and verbal communication skills are required. Applicants should consult the department's website to review our academic and research programs (<http://engineering.tamu.edu/materials>).

Required Education and Experience:

Applicants must have an earned doctorate in materials science and engineering or a closely related engineering or science discipline.

Other Requirements:

Applicants should submit a cover letter, curriculum vitae, teaching statement, research statement, and a list of 3-5 references (including postal addresses, phone numbers and email addresses) by applying for this specific position at www.tamengineeringjobs.com. Full consideration will be given to applications received by February 1, 2017. Applications received after that date may be considered until positions are filled. It is anticipated the appointment will begin as early as fall 2017.

EEOC Statement:

The members of Texas A&M Engineering are all Equal Opportunity/Affirmative Action/Veterans/Disability employers committed to diversity. It is the policy of these members to recruit, hire, train and promote without regard to race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation or gender identity.
