University Materials Council - Dues Policy

Last updated Aug. 18, 2015

Annual dues are requested from all members of the University Materials Council. These funds provide coverage of incidental expenses at meetings including food, internet access, etc. In addition, they have been used to cover the cost of special programs and/or topical meeting of the UMC. Other expenses such as those associated with the annual survey and website maintenance also come from these funds.

The annual dues are currently \$200 /yr for department or program.

Initial dues are requested at the time of joining.

Annual dues are collected in the Fall Term of the Academic Year.

A reminder email is typically sent in August each year.

Dues can be paid via a check made payable to the Case Western Reserve University. Unfortunately, payment cannot be made by credit card. Payment receipts will be issued upon request.

You may mail your payment to:

Melanie Prestage
